

Paston Ridings Primary School

Pupil Premium Grant (PPG) 2016-17 - Report for Parents

PPG School Context:	
Total Number of Pupils on Roll	515
Number of pupils eligible for PPG	244
PPG funding received per pupil	£1320
Total PPG Funding	£322,920

Planned PPG Spending 2016-17
<p>Aims and objectives for PPG spending: To fund a series of initiatives and resources in order to improve the progress of pupils working below age expected levels, particularly those on FSM. Through the targeted use of PP money it is anticipated that the gap between vulnerable groups and the national average will be narrowed for the pupils at Paston Ridings.</p>

TOTAL	£322,500	

Impact of PPG Spending

Paston Ridings Primary School has seen many benefits of the Pupil Premium across the vast range of initiatives planned for 2016-17.

In particular the Reading Recovery Programme has ensured accelerated progress for those children accessing it with the children achieving outstanding progress in reading and +0.6 steps more than the cohort. All of the pupils involved in the phonics counts initiative also achieved accelerated progress, +0.8 steps more than the cohort.

KS1

The assessment process for pupils in KS1 changed in 2015 – 16, with children now attaining below, expected or greater depth.

In comparison to 2016 the attainment of our pupil premium group has increased:

- Reading Expected plus: 59% (+12% on 2015-16) Core Pupil Premium: 62% (+15% on 2015-16)
- Writing Expected plus: 31% (-1% on 2015-16) Core Pupil Premium: 32% (+6% on 2015-16)
- Maths Expected plus: 41% (+9% on 2015-16) Core Pupil Premium: 44% (+12% on 2015-16)

KS2:

The assessment process and reporting arrangements for pupils in KS2 changed in 2015 – 16, however when comparing the progress and attainment for Pupils eligible for pupil premium across the last 2 years, there has been a positive impact:

- Reading Expected: +9% improvement in attainment, +0.65 improvement in progress and an average score improvement of 2.2 marks
- Writing Expected: +3% improvement in attainment, but slight decrease of -2.16 in progress
- Maths Expected: +10% improvement in attainment, +0.51 improvement in progress and an average score improvement of 0.9 marks

We continue to give support to all pupils across the school, to ensure that everyone has the opportunity to access broad educational experiences, including; sports coaches and sporting events, day visits, residential experiences and enrichment activities within school, thereby ensuring positive engagement with learning for all pupils. There has been an increased need to support families to transport pupils to school, thus improving the attendance of these pupils; megariders have been purchased to support these pupils.

YMCA counselling sessions have been accessed to further support pupil's emotional well-being through counselling and play therapy and some alternative provision has been accessed for pupils experiencing emotional barriers to learning.

The Parent Partnership coordinator has provided essential and valuable support for a high number of families; supporting a range of issues including managing behaviour, housing, and engagement with school or other agencies. She has written Early Help Assessments and supported families through Team Around the Child Meetings. One to one support continues to be provided by learning mentors for pupils who are extremely vulnerable or may require a higher level of emotional support. The Nurture room and additional purchased resources, provides a safe, calm and welcoming atmosphere for those pupils who require this support.

Targeted interventions, with a newly appointed booster teacher in Year 6, have had significant impact on pupils' progress; in reading these children achieved outstanding progress, making on average of 5.6 steps more progress than the cohort, in maths an average of 6.1 steps progress more than the cohort (approximately an extra year of teaching).

Pupils who accessed first class at number and catch up maths across Y1-5 made at least 8 months extra progress in comparison to their cohort.

Targeted interventions in Reading also impacted on pupils' progress; Reading support for Y6 pupils supported SEN pupils to make on average 1.5 steps more than their cohort. New writing interventions in Y3 and Y4 had impact on the children involved, they made an extra 0.3 steps on average when compared to the cohort.
