

Get Involved

Paston Farm Centre is all about community, run by people who live in the local community. We always support any ideas the local residence may have -

maybe you would like to hold a community dinner in our cafe? Or maybe you would like to help out at our events?

We hold regular event committee meetings and residence meetings so you can have your say and get involved with your community.

Are you looking for somewhere to hire for your party? Our hall is great for kids birthday parties! Very affordable rates - contact the Centre manager for more details :
