

Paston Ridings Primary School

Pupil Premium Grant (PPG) 2015-16 - Report for Parents

PPG School Context:	
Total Number of Pupils on Roll	545
Number of pupils eligible for PPG	246
PPG funding received per pupil	£1300
Total PPG Funding	£319,800

Planned PPG Spending 2015-16
<p>Aims and objectives for PPG spending: To fund a series of initiatives and resources in order to improve the progress of pupils working below age expected levels, particularly those on FSM. Through the targeted use of PP money it is anticipated that the gap between vulnerable groups and the national average will be narrowed for the pupils at Paston Ridings.</p>

TOTAL	£314,285.80	£6,514.20 in CF end of 15/16 (to be reviewed as new pupils and new needs become evident)

Impact of PPG Spending

Paston Ridings Primary School has seen many benefits of the Pupil Premium across the vast range of initiatives planned for 2015-16.

In particular the Reading Recovery Programme has ensured accelerated progress for those children accessing it with the very large majority of the pupils making accelerated progress, the one pupil who didn't has additional Special Needs: All of the pupils involved in the phonics counts initiative also achieved accelerated progress. The new reading recovery base allows the teacher to support pupils in a text rich environment in the centre of KS1. This is enhanced by the newly established KS1 library which has a range of new books and seating to promote all children's love of reading.

KS1

The assessment process for pupils in KS1 changed in 2015 – 16, therefore as an interim, progress measures have been compared for pupils eligible for Pupil Premium and the cohort :

- Reading +0.4 compared to cohort

- Writing +0.5 compared to cohort
- Maths +0.1 compared to cohort

KS2:

The assessment process and reporting arrangements for pupils in KS2 changed in 2015 – 16, therefore as an interim, progress measures have been compared for pupils eligible for Pupil Premium and the cohort :

- Reading +0.2 compared to cohort
- Writing +0.5 compared to cohort
- Maths -0.3 compared to cohort

We continue to give support to all pupils across the school, to ensure that everyone has the opportunity to access broad educational experiences, including; sports coaches and sporting events, day visits, residential experiences and enrichment activities within school, thereby ensuring positive engagement with learning for all pupils. Some families have had support to transport pupils to school, thus improving the attendance of these pupils. YMCA counselling sessions have been accessed to further support pupil's emotional well-being through counselling and play therapy.

The Parent Partnership coordinator has provided essential and valuable support for a high number of families; supporting a range of issues including managing behaviour, housing, and engagement with school or other agencies. She has written Early Help Assessments and supported families through Team Around the Child Meetings. One to one support has been provided by learning mentors for pupils who are extremely vulnerable or may require a higher level of emotional support. The Nurture room has been completed and provides a safe, calm and welcoming atmosphere for those pupils who require this support. The Parent Partnership Coordinators office allows an environment where she can meet privately with parents and allows her to have an overview of the children and activities being delivered by the Learning Mentor team.

Targeted interventions in numeracy have had significant impact on pupils' progress: pupils who accessed first class at number in Y2 achieved +0.9 steps progress when compared to the cohort, pupils who accessed Success at arithmetic in Y6 achieved +4.1 steps progress compared to the cohort. Pupils accessing the numeracy booster sessions for Y6 pupils made +1.7 steps progress on average, in comparison to the cohort. Targeted interventions in English also impacted on pupils progress; ELS support for pupils in Y2 showed +1.4 steps in reading and +0.4 steps in writing when compared to the cohort, the English intervention for Y6 pupils, led by the reading recovery teacher resulted in +2.6 steps progress compared to all pupils.
